### Who are the Nephilim?

#### Two Theories

1. “Sons of God” believed to be fallen angels (Revelations 12:7-9) that possessed the bodies of men and intermarried with human women creating a corrupt offspring of giants. Possibly Satan’s attempt to thwart God’s plan for redemption (Genesis 3:14) by corrupting mankind. A real cause for evil in the world, the Nephilim may have been the main reason that God destroyed the inhabitants of the earth, except for Noah’s family.
2. Seth sons intermarrying with the daughters of Cain creating in a wicked line of offspring.

Genesis 6:4

# Creation Era

## (Genesis 1-11)

### Apocryphal Book of Enoch (6:1-4, 7:1-6)

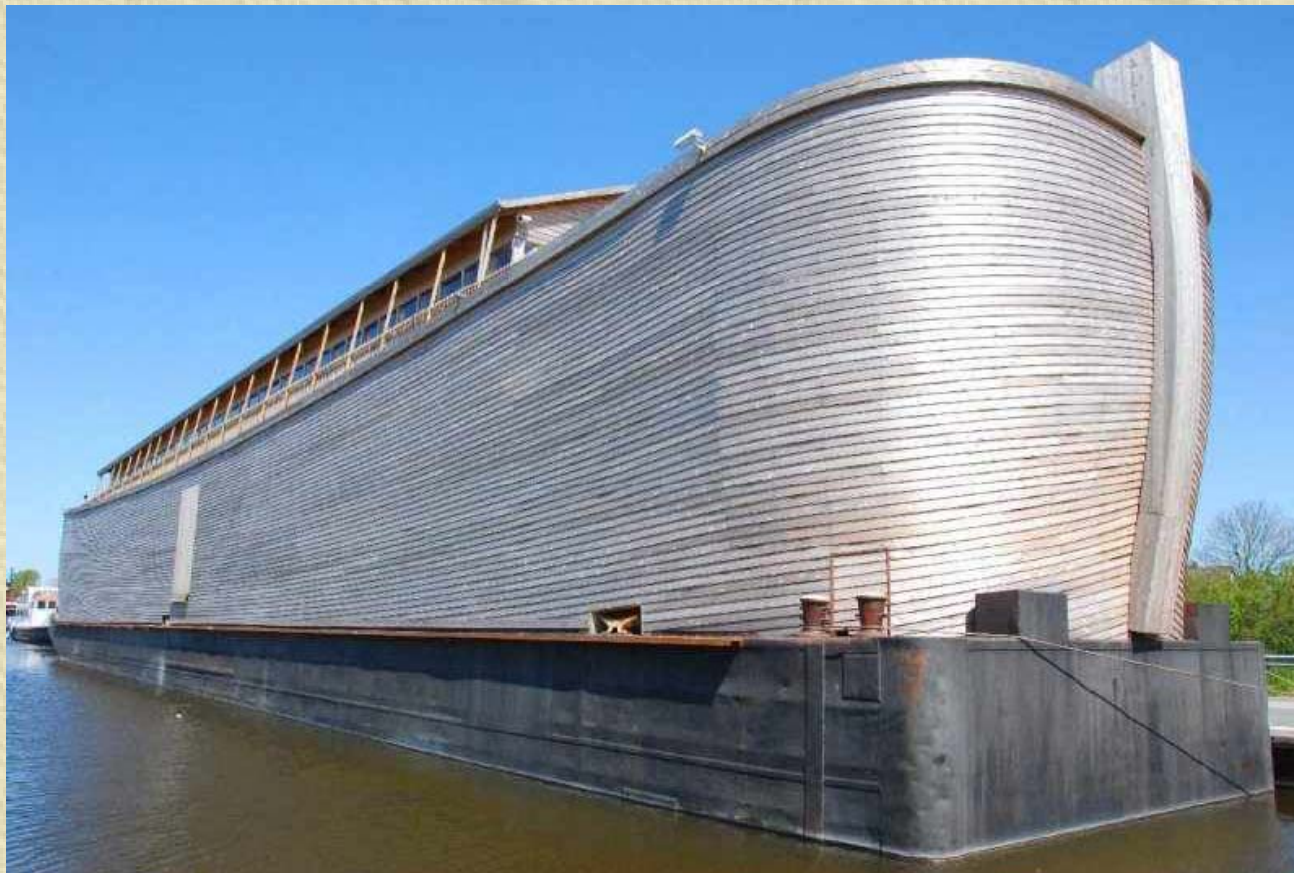

1. And it came to pass when the children of men had multiplied that in those days were born unto them beautiful and comely daughters. 2. And the angels, the children of the heaven, saw and lusted after them, and said to one another: 'Come, let us choose us wives from among the children of men and beget us children.' 3. And Semjâzâ, who was their leader, said unto them: 'I fear ye will not indeed agree to do this deed, and I alone shall have to pay the penalty of a great sin.' 4. And they all answered him and said: 'Let us all swear an oath, and all bind ourselves by mutual imprecations not to abandon this plan but to do this thing.'

1. And all the others together with them took unto themselves wives, and each chose for himself one, and they began to go in unto them and to defile themselves with them, and they taught them charms and enchantments, and the cutting of roots, and made them acquainted with plants. 2. And they became pregnant, and they bare great giants, whose height was three thousand ells: 3. Who consumed all the acquisitions of men. And when men could no longer sustain them, 4. the giants turned against them and devoured mankind. 5. And they began to sin against birds, and beasts, and reptiles, and fish, and to devour one another's flesh, and drink the blood. 6. Then the earth laid accusation against the lawless ones.

# Dimensions of the Ark

“This is how you are to build it: The ark is to be three hundred cubits long, fifty cubits wide and thirty cubits high” (Genesis 6:15)

Cubit = 17.5”  
Length = 148 yards  
Width = 25 yards  
Height = 15 yards

\* The ark's was the largest ship ever built until 1884!
